

Earsham Home Furnishings

Earsham Home Furnishings Ltd, formerly Earsham Hall Pine is a unique shopping experience situated in the historic parkland setting of Earsham Hall a few miles north of the busy market town of Bungay, on the border of Norfolk and Suffolk close to the river Waveney.

Our extensive showrooms are set in part of the historic Grade II * Listed outbuildings of the Hall, giving us a beautiful setting in which to display our range of furniture and accessories as well as making us an interesting destination to visit.

At Earsham Home Furnishings we stock a wide range of solid pine and oak furniture from carefully selected British workshops including, wardrobes, dining tables, chairs, blanket boxes, side tables, beds, kitchen dressers and so much more. This is complimented by our **'Made to Measure'** service which enables us to supply customers with furniture to exact requirements.

We are well known for our 'EARSHAM' antique wax finish which is often a favourite choice for customers buying our pine furniture but we can also supply any item of new furniture; unfinished for customers to apply their own finish, stained/oiled, or painted in a range of stunning colours. As part of our finishing service we can also offer to 'colour match' new furniture to customer's existing pieces providing a high quality finish.

Alongside our furniture we stock a vast range of accessories for the home and garden from carefully selected suppliers to ensure we offer the highest quality items, these include kitchenware, soft furnishings, giftware, mirrors and art work to name but a few. We are also a preferred supplier for Classic British Lighting which offer unique hand made solid brass lighting replicating the Victorian and Edwardian era, complimented by a range of other lighting styles.

Earsham Home Furnishings also have a range of Traditional Fireplaces on display, our staff are here to advise customers on the choices available and installation. We can also recommend experienced and approved fitters. Alongside this we have a dedicated showroom with a comprehensive range of Fireware accessories.

Our most recent addition is our recently opened Art Gallery located on the first floor. The Gallery is flooded with natural light and displays traditional and modern work by a variety of local artists in different media, including works in oil, water colour and pastels. We believe the Gallery has something for everyone and every pocket.

We work very closely with Earsham Hall Kitchens & Interiors Ltd who are also based on site. They specialise in bespoke kitchens and fitted furniture and have a dedicated display in the showrooms.

.....and to finish off a visit the customer only has to step outside to visit the Tearooms for lunch, a snack or full afternoon tea! The Tearooms have many delicious homemade offerings, special events and tickets are also available from the Tearooms for guided tours of Earsham Hall.
